Bharat Akhil Chaitanya Gandepalli

+91-8688364909 | bharathakhil1111@gmail.com | Hyderabad, Telangana

Profile Summary

MERN Stack Developer skilled in building responsive, scalable web applications using **MongoDB, Express.js, React.js, and Node.js**. Experienced with **RESTful API design**, and modern frontend tooling (HTML5, CSS3, Tailwind CSS, JavaScript ES6+). Strong foundation in writing clean, maintainable, and testable code, integrating third-party APIs, and deploying full-stack applications on cloud platforms.

Technical Skills

Languages:	Python, JavaScript (ES6+)
Frontend:	React JS, React Hooks, React Router, React Redux, Context API, HTML5, CSS3, Tailwind CSS, Responsive Web Design
Backend:	FastAPI, Node JS, Express JS, RESTful API Design, JWT Authentication
Database:	MongoDB, Mongoose
Testing & Tools:	Postman,ThunderClient Git, GitHub, VS Code
Deployment:	Vercel, Render
Other:	API Integration, Debugging, Cross-Browser Compatibility

Projects

E-Commerce Website Platform **03/2025**

HTML, CSS, JavaScript, React JS

- Built a dynamic e-commerce web application using React.js, with reusable components and clean state management.
- Developed core features including product listing, search, add-to-cart, and checkout flow using React Hooks and component-based architecture.
- Integrated external REST APIs using Axios/Fetch to dynamically load and display product, user, and order data
- Implemented React Router for seamless client-side navigation across Home, Product Details, Cart, and Checkout pages
- Built a fully responsive UI with Tailwind CSS, ensuring consistent performance across mobile, tablet, and desktop breakpoints.

Resume Parsing and Job Suggestion System **05/2023**

Python, Flask, NLP, Selenium, BeautifulSoup, Pandas

- Designed a resume parsing engine using NLP and regular expressions, extracting skills, experience, and keywords from unstructured resumes with high accuracy.
- Built a real-time job recommendation module by scraping live postings with Selenium and BeautifulSoup.
- Deployed the system as a Flask-based web application supporting resume upload and automated job matching.
- Applied text preprocessing techniques to improve extraction consistency across varied resume formats.
- Structured parsed data into a standardized schema, enabling easy comparison between candidate profiles and job requirements.

Prevention of Impersonation in Examination **07/2022**

Python, OpenCV, Pandas, OS Module

- Developed a real-time face recognition system using OpenCV to continuously verify candidate identity during exams.
- Automated DateTime-based verification logging and secure image/log storage using the OS module.
- Implemented continuous frame capture and face-matching logic to flag mismatches or unauthorized presence during the exam session.
- Organized captured images and logs into structured folders for easy retrieval and post-exam auditing.
- Handled edge cases such as poor lighting and partial occlusion to improve detection reliability.

Work Experience

KPMG — Data Analyst Intern **04/2023 – 05/2023**

Visakhapatnam, Andhra Pradesh

- Analyzed large business datasets to identify customer behavior patterns, improving data accuracy for marketing strategy decisions.
- Built interactive dashboards using Tableau and Excel, streamlining reporting workflows for stakeholders.
- Performed data cleaning and transformation, improving downstream processing efficiency.

Elan and Nvision, IIT Hyderabad — Machine Learning Intern **03/2022 – 06/2022**

Visakhapatnam, Andhra Pradesh

- Implemented and fine-tuned ML models using Python and Scikit-learn, improving classification task performance.
- Performed data preprocessing and feature engineering to improve model training efficiency.
- Contributed to research-based ML projects through experimentation and hyperparameter tuning.
- Collaborated with cross-functional teams to generate actionable insights through data visualization and statistical analysis, supporting data-driven business decisions

Education

Maharaj Vijayaram Gajapathi Raj College of Engineering **08/2019 – 05/2023**
B.Tech, Computer Science Engineering — CGPA: 7.89 *Vizianagaram, Andhra Pradesh*

Sri Chaitanya Junior College **05/2017 – 04/2019**
Board of Intermediate Education — CGPA: 9.42 *Visakhapatnam, Andhra Pradesh*

Dr. KKR Gowtham Concept School **05/2016 – 05/2017**
Board of Secondary Education — CGPA: 9.0 *Visakhapatnam, Andhra Pradesh*

Certifications

- Microsoft Technology Associate (Python)
- PCAP – Programming Essentials in Python
- SQL for Data Analysis – Udacity
- Problem Solving – HackerRank
